HOMESTAY

The homestay experience is a unique accommodation choice for students because it welcomes them into an American home. Students who choose to live with a homestay family are looking for a safe, welcoming, and comfortable atmosphere in which they can be introduced to American customs, traditions, and family lifestyles.

The home allows them to practice their English on a daily basis and enjoy homemade meals in a familiar setting.

Homestay families typically plan special events such as family outings and guided tours of the city for the student. The homestay program carefully matches students with appropriate families. Here, we see friendships form that last a lifetime.
